

## Z-Quote<sup>™</sup> Powerful New Quoting Tool

The current economic climate demands companies employ lean and innovative strategies.

**Z-Flex**<sup>®</sup> has pinpointed a need and brought to market cutting-edge technology with the new quoting tool ZQuote<sup>™</sup>. Use this free powerful application **NOW!** to accelerate response times and quickly produce the detailed quotes you need.

ZQuote<sup>™</sup> is a revolutionary software solution that can quickly create detailed, dimensioned **Z-FLEX**<sup>®</sup> Vent System Layouts, accurate bill of materials and a quote proposal.

ZQuote<sup>™</sup> virtually eliminates the need for time consuming AutoCad drawings.

- Step 1** Complete and submit the ZQuote<sup>™</sup> Design Checklist found on our website.
- Step 2** Design information is entered into ZQuote<sup>™</sup>
- Step 3** ZQuote<sup>™</sup> produces a detailed layout drawing with part call outs, bill of materials and a detailed price quote.

ZQuote<sup>™</sup> is a proprietary quote system for use with **Z-FLEX**<sup>®</sup> Vent Systems.

Typical applications for **Z-FLEX**<sup>®</sup> Vent Systems include:

Boilers, Water Heaters, Tankless Water Heaters, Unit Heaters,  
Pool Heaters, Hot Water Boosters, Gas Fired Steam Humidifiers.
