

Z-VENT SX

Sealed Combustion Concentric Design

Engineered for safety and ease of installation

Z-Vent SX is a concentric special gas vent system designed for use with the latest category I, II, III, IV residential and commercial gas heating equipment.

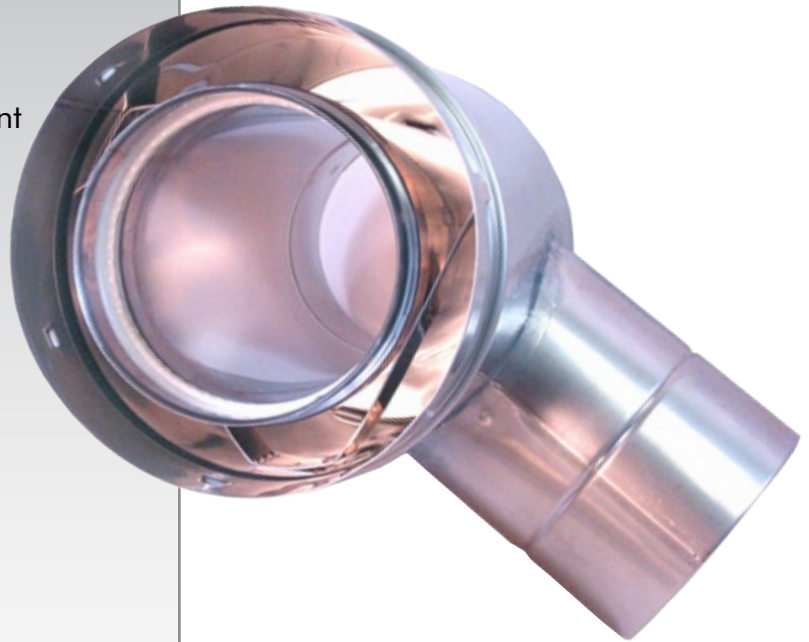

- **Patented sealing system ensures safe exhaust of combustion gases**
- **Patented design allows for ease of installation and professional results**
- **Designed for reduced clearance installations**
- **Vertical or horizontal installations**
- **Allows for a single wall penetration**

Typical applications:

Tankless water heaters
Boilers
Water heaters
Space heaters

Unitized construction eliminates field assembly of inner and outer flues.

Precision pipe and fittings have been engineered for optimum appliance performance. Z-Vent SX provides quick, positive, fastener free installation.
